Dear Participants,

On behalf of the Executive Committee and the Local Organizing Committee, we are pleased to invite you to the **9th International Molecular Biology and Biotechnology Congress**, to be held online on 06-10 December 2020 at Kafkas University (Kars, Turkey).

Following successful previous meetings, the 9th International Molecular Biology and Biotechnology Congress will bring together leading researchers, clinicians, industry professionals and other related experts to discuss the ways of improving current research strategies in molecular biology and biotechnology as a rapidly evolving field. The congress will provide a unique opportunity to enhance scientific research cooperation and networking with leading scientists and professionals in the fields of molecular biology and biotechnology.

The scientific program, however, be incomplete without your participation and contribution will focus on the subjects of biochemistry, bioinformatics and system biology, medical biotechnology, industrial biotechnology, tissue engineering, diagnostics, pharmaceutical biotechnology, vaccines, protein engineering, food and microbial biotechnology, and nano-biotechnology as oral and poster presentations.

We look forward to meeting you in the remarkable city of Kars, Turkey for the 9th International Molecular Biology and Biotechnology Congress. We look forward to meeting you in the remarkable city of Kars for the **9th International Molecular Biology and Biotechnology Congress**.
