- ✓ IFESCOOP (ES)
- ✓ EGIInA (IT)

ABOUT THE PROJECT

Charter of Common Refugee Strategies is a European cooperation project aims to help newly arrived refugees and the professionals working with them.

CORES addresses refugees' issues by working with adult education providers in different program countries to ease the burden of refugees' crises left on governments in EU; to contribute the newly arrived and host society mutual acceptance.

ANALYSIS REPORT

This analysis will be paper-based document focusing on current overall situation of refugees in partner countries in terms of citizen, housing, healthcare, education, employment and social harmony. Following scientific research methods, this analysis report will be developed in two dimensions (refugees and professionals), which makes it innovative.

CHARTER

The charter will be designed in two parts: A. Values, B. Priorities. First part will include following titles: social change, social development, social cohesion, social justice, human rights, empowerment, equality. Second part will have Citizenship, Housing, Healthcare, Education, Employment, Social Harmony

LEARNING PLATFORM

CORES Online Learning Platform will host 6 different sections, which will be based on the outcomes of IO2 (charter of common refugee strategies). This product will be available in 11 languages. And it will be in six titles: Citizenship, Housing, Healthcare, Education, Employment, Social Harmony
